

## US 41/ WIS 29 - County EB Ramps, County RK Park and Ride, Duck Creek Bridges

**Schedule:** February to November

**Location:** Green Bay, WI, Brown County

**Description:** Project includes the construction of the eastbound and westbound County EB on and off ramps at WIS 29, widening of WIS 29 eastbound and westbound, building structures over Duck Creek, construction of Shawano Avenue and temporary connections at Dousman and the US 41 ramp terminals at Shawano Avenue, temporary ramps at US 41 and Shawano Avenue, realignment of Beaver Dam Creek, and a Park and Ride at County RK.

**November 12 to November 16:** Topsoil will be placed in the median of WIS 29. Grading will occur on the northbound and southbound off-ramps at Shawano, asphalt will be placed, and then a traffic switch will occur. Beams and decking will be done on the bridge over Duck Creek, and the sign structure will be completed as well. The WIS 29 shoulder will be paved. Light bases will be placed in the median on WIS 29, and barrier work will continue. Permanent signing will be placed throughout the project and at the park and ride, and the park and ride on RK will be opened to traffic, while the one on Packerland Drive will no longer be usable after that time.

**November 19 to November 23:** Final restoration to be completed in the median of WIS 29 and other various project areas. Beams and decking will be done on the bridge over Duck Creek, and the sign structure will be completed as well. Light bases will be finished in the median on WIS 29, and barrier work will finish. Grading and graveling for the crash investigation site (emergency pull over area) on southbound US 41 off-ramp at Shawano Avenue will continue. Temporary barrier wall will be removed for westbound traffic, west of Duck Creek, and traffic will be shifted to final traffic lane location. Final punchlist items will continue to be completed.

**Traffic Impacts:** There will be daily inside lane closures on WIS 29 west of County EB/Packerland Drive. There will be also be various shoulder and lane closures on WIS 29 next week during the day and evening. Expect daily westbound and eastbound WIS 29 lane closures. Changes in pavement marking, barrier wall, signing, and traffic patterns have occurred on WIS 29, County EB (Packerland Drive/ /Cardinal Lane), Dousman Street, Shawano Avenue, and the US 41 ramps. The new US 41 southbound off-ramp and northbound on-ramp at Dousman Street was switched on Tuesday, November 13. Please exercise caution in this area.
